Students

The Governing Board desires to prevent students' exposure to foods to which they are allergic or intolerant and to provide for prompt and appropriate treatment in the event that a severe allergic reaction occurs at school.

The Superintendent or designee shall develop guidelines for the care of food-allergic students. Such guidelines shall include, but are not limited to, strategies for identifying students at risk for allergic reactions, avoidance measures, education of staff regarding typical symptoms, and actions to be taken in the event of a severe allergic reaction.
