The Agreement between the City of Sacramento and the Sacramento City Unified School District encompasses over a year of planning between the agencies and collaboration with a third party, the Studios for the Performing Arts Operating Company (the "Company"), a California nonprofit public benefit corporation. The Company represents the interests of the Sacramento Ballet, the California Musical Theatre, and the Sacramento Regional Performing Arts Alliance. The "Project," as envisioned by the Company, shall be known as the E. Claire Raley Studios for the Performing Arts after Sacramento philanthropist Joyce Raley Teel's late mother. The Project will serve to organize, promote, and conduct programs for recreation and education in the performing arts. The Project will be located at the former Fremont Adult School site at 2420 N St., Sacramento, California.

When it was built in 1920, Fremont School symbolized the growing Sacramento community's commitment to providing a quality education to the city's children. The housing of the E. Claire Raley Studios for the Performing Arts at this historic building will now symbolize the community's commitment to ensuring that all children have access to an education infused with the arts. The partnership will benefit to the District through the provision

of 50 students in a multi-disciplinary performing arts program, and the establishment of a minimum of 10 performing arts student internships. In addition, \$20,000 in scholarship opportunities will be made available to District students for the first two years. This value increases to \$40,000 in years three, four and five. In the fifth year, the scholarship support will be no less than in year five. The Agreement also provides for office space for the District's Visual and Performing Arts Department at the site.

The Agreement is for an initial term of 40 years, with negotiable extensions. The annual rental fee of \$1.00.

It is expected that this collaborative effort will not only be successful here in Sacramento but serve as a model for other districts across the nation.

- EC 10900
- EC 10902

- EC 10910

Annual rental fee to the District in the amount of \$1.00. The property is leased on an “as-is” basis.

This Project shall further serve our efforts to educate, train, and develop the talent of the District’s students in the performing arts area.

This Project will provide additional opportunities to access art programs that are not currently available in our District. Years of research show that an education rich in the arts is closely linked to SCUSD’s mission of preparing every student for college and the workplace. The arts enhance academic achievement, social-emotional development and civic engagement. Arts education enables children from financially challenged backgrounds to have a more level playing field with children whose parents can afford to enrich their lives through the arts.

This effort is in alignment with the District’s
Pillar I: Career- and College-Ready Students:

We will provide students with a relevant, rigorous and well-rounded education that includes 21st century career exploration, visual and performing arts and that meets four-year college and university requirements.

It is also in alignment with Pillar III: Family and Community Engagement:

We believe partnerships provide opportunities for students to learn beyond the school walls.

We will increase strategic partnerships that expose students to career pathways through internships and service learning. Our goal is for our schools to be engaged in partnerships that increase summer, during- and after-school opportunities for students.
