The Governing Board desires to prepare youth for responsible citizenship by fostering self-discipline and personal responsibility. The Board perceives that good planning; a good understanding of each child and family involvement can minimize the need for discipline. The Superintendent or designee will ensure that all district staff, parents, guardians, students and community partners working in our schools and in the surrounding community have a role and responsibility in positively impacting this policy.

This policy sets forth a framework for implementing alternatives to the current discipline system, which has focused on out-of-school removals as a means to address student

tiered interventions and other forms of correction that focuses on keeping students in school and learning.

This board policy also separates “willful defiance” into non-suspendable and suspendable categories of offenses. Non-suspendable offenses are those that are annoying and irritating childish acts on the part of students that do not genuinely defy the valid authority of school employees during the execution of their duties. Schools will develop alternative processes to handle these kinds of offenses. Suspendable offenses under Section (K) of the California Education Code 48900 are student offenses that willfully defy the valid authority of supervisors, teachers, administrators, school personnel that are disruptive actions that prohibits the continuance of an educational event to the extent that a student’s refusal is unruly, aggressively threatening, and loudly profane. These offenses will follow the more traditional processes of interventions i.e., class suspensions and referrals to the appropriate school employees.

This board policy also mandates alternative interventions when the offense is suspendable with off-campus suspension being used as a last resort. Schools are free to implement their own student discipline protocols consistent with Board Policy so long as those protocols are not in conflict with restorative justice practices. The policy requires that all principals must, unless strictly mandated by law, utilize alternatives to suspension and expulsion that are available at their school sites.

The Superintendent or designee will provide to the board an annual plan that will address the roll-out of professional development insuring that all District Employees will be trained in the following:

- i. Mandatory professional development in the area of School Wide Positive Behavior Interventions & Supports.
- ii. Mandatory professional development in Restorative Practices and Social and Emotional Learning.
- iii. Mandatory professional development in the area of implicit bias.
- iv. Mandatory professional development in the area of cultural proficiency.

Ongoing and annual budget priorities adopted by this governing board will reflect the need to prioritize ongoing supports for student interventions, staff professional training and other resources identified by the Superintendent, Superintendent’s Designee, Parents, Administrators, School Site Leadership Team, Certificate and Classified staff and students th
