3.0 SPECIAL PRESENTATION

3.1 Adopt Proposal for PIQE to Conduct Family Survey (Leticia Garcia)

Action

Student Member Sheikh began the presentation by covering the background of the formation of the committee and AB 86. The goal is to enhance community involvement with specific input from each board trustee area and to report back to the Board and Superintendent by May 20th or sooner. The work of the committee should be in coordination with LCAP. Member Garcia noted that the PIQE team was present to answer questions, and she described the work that the ad hoc committee did in partner with PIQE. She explained how they tried to be as inclusive as possible. She said it is important that the input be qualitative in nature and that it is focused on parents. Member Rhodes then described what is in the proposal. He gave a shout-out to Member Garcia for spearheading this. Member Garcia thanked Member Rhodes and said that she appreciates all the work.

Public Comment:
None

Board Comments:

President Pritchett asked to clarify which proposal was most recently updated. Member Garcia said it is the one for \$20,000. President Pritchett asked what languages will be used. Member Garcia said that, due to time constraints, the languages would be English and Spanish. President Pritchett noted that she has a high Russian population in her trustee area.

Member Villa asked what is the end goal for what will be done with the data. Member Garcia said that the major themes of the questions are in access to technology. They also are going to focus on mental health needs, future parent/community engagement, and academic supports. Member Villa asked if there will be a comments section. Member Garcia said that some parents will be surveyed via phone. Ms. Gloria Corral from PIQE added that, although an option, open ended questions are difficult to analyze. Member Villa noted that this is a \$20,000 contract for reaching out to 100 families, and she asked what will be done with the data in the end. Member Garcia answered that it is reaching out to 500 families, for this first step they are doing mostly closed questions, and that the data will be aligned with work that staff is already doing for incorporation into the final expenditure plan that will come before the Board for approval.

Vice President Murawski thanked the presenters and thanked President Pritchett for taking this step and for realizing we need to do more on community engagement. She thanked Member Garcia and the other members of the ad hoc committee for spearheading the project of how to take steps forward toward meaningful community engagement. She said she would like to be sure the benefits merit the cost.

Second Vice President Woo said he wants to make sure that when we are done we will be
